WORK EXPERIENCE

Kanrin backers (Gampaha : 01/2023 - 08/2023)

(It is a short-eat type Food manufacturing company and belongs to the category of bakery and restaurant.)

Manager (Full-time)

Successfully managed a bakery and restaurant operation for six months, overseeing all aspects of business operations. Demonstrated strong leadership skills in guiding and motivating staff, ensuring efficient workflow, and maintaining high standards of quality and customer service

I Lab Gampaha (Gampaha : 09/2023 – 09/2025)

(It is a printing lab where all types of printing are done)

Worked in all departments of the company (Part-time)

With two years of experience at I Lab - Gampaha, I have consistently been recognized as a top performer. My dedication to excellence, strong work ethic, and ability to exceed expectations have earned me the distinction of being twice named the best performance employee.

PROJECTS

Mebius – MERN Stack E-Commerce Clothing Website

Developed a full-stack e-commerce clothing website using the MERN stack with product browsing, cart functionality, and responsive UI. Implemented RESTful APIs, frontend–backend integration, and MongoDB for data management.

Live: <https://mern-clothify.pages.dev/>

KV- audio – (2025)

Built a full-stack MERN application for an audio equipment rental business, with product browsing and booking features.

NATURE Clothing Website – (2024)

I have created a brand called 'nature' as an online business and run a business selling clothes through it, this is a website created for it.

Aroma coffee – (2025)

Built a dynamic website for a coffee business using PHP, featuring product listings, contact form, and basic order functionality.

bloodBank – (2024)

Developed a PHP-based web app to help users find and request blood donors by location and blood type.

myTodo App –(2025)

Created a task management mobile app using Dart with features like adding, editing, and deleting tasks.

Kanrin bakers Website - (2023/11)

This is my first project and it's my first year, It was created for the company where I worked.
